Western region continues to dominate biopharma industry in India

03 May 2022 | Features

BioSpectrum lists Top 10 Biopharma Companies in West, South & North regions

Western region continues to dominate the biopharma industry with contribution of 60% followed by Southern region with 38% and 2% coming from Northern region.

The biopharma industry ranking survey of the year 2020-21 by BioSpectrum has shown that while Serum Institute of India Ltd is the leader of the Western region, Biocon Ltd leads the Southern area and Panacea Biotec Ltd is the winner of the North region.
