Care4Parents partners with Dial4242 ambulance service

06 June 2022 | News

The ambulance will be available within 30 minutes in over 500 cities across the country

Care4Parents has partnered with Dial4242 Ambulance service. As a part of this tie-up, users of Care4Parents will be able to book an ambulance in seconds. This service is available 24X7.

Care4Parents users will have to click on the HELP button in the app, followed by the ambulance button. A call will be placed to the 1800 number of Dial4242 Ambulance service. Care4Parents customers will not have to pay any joining fees to use this service and only pay for the ambulance that they are hiring. The ambulance will be available within 30 minutes in over 500 cities across the country.

Different types of ambulances will be made available to users as a part of the service. These include Basic Life Support (COVID and non-COVID), ALS with paramedics and ALS with a doctor/EMT (COVID and non-COVID).
