Cliniminds inks MoU with Govt of Kerala for skill development programme

07 June 2022 | News

Additional Skill Acquisition Programme will offer subsidised education loans to the students through banks

Noida-based Cliniminds has signed a Memorandum of Understanding (MoU) with the Additional Skill Acquisition Programme (ASAP) Kerala, Section 8 Company Under Department of Higher Education, Education Department, Government of Kerala.

Under the agreement, Cliniminds would offer job oriented skill training programmes in pharmaceutical business analytics, health economics and outcomes research, healthcare decision analytics, clinical research, pharmacovigilance and data management, prepare students for the job roles and provide placement opportunities to the students. ASAP would also be offering subsidised education loans to the students through banks.

Programmes will be offered for life sciences, biotechnology, pharmacy, medical, dental, ayurvedic, homoeopathic, nursing, IT and computer sciences, mathematics and statistics graduates and post graduates from Kerala.

Both ASAP and Cliniminds would work closely to make the agreement successful, which would help students from Kerala.
