

HelpAge India, Mindtree Foundation expand mobile health prog in Telangana, UP

30 June 2022 | News

The new fleet of MHUs would serve an additional 30 new sites

HelpAge India announced the launch of three Mobile Healthcare Units (MHUs) in Telangana and western Uttar Pradesh with support from Mindtree Foundation, the CSR arm of global technology consulting and services company Mindtree. The MHUs, staffed with doctors, pharmacists, and social workers, will provide doorstep healthcare services to poor elders.

The new fleet of MHUs would serve an additional 30 new sites, taking the total number of locations served to over 2000 in 22 states.
