Orange Health launches diagnostic lab in New Delhi

01 July 2022 | News

Customers can get tested for over 1,000 diagnostic tests

Bengaluru-headquartered health tech startup Orange Health has launched its services in New Delhi as part of its ambitious geographical expansion plan.

With this launch, customers across the NCR region including Gurgaon, Noida, Delhi and Ghaziabad can now avail a wide range of diagnostic services in just 60 minutes from the comfort of their homes, with reports in six hours.

Available all seven days of the week between 6 am to 10 pm, customers can get tested for over 1,000 diagnostic tests comprising both routine and specialised ones ranging from biochemistry, serology, haematology, flow cytometry, and molecular biology to COVID-19 RTPCR will be part of Orange Health’s offerings in this region.
