

Ayu Health forays into Delhi-NCR market

13 July 2022 | News

This business expansion comes right after raising \$27 million in series B round, last month

Ayu Health Hospitals announced its entry into the Delhi-NCR market by adding 25 hospitals to its network. Through this expansion, Ayu Health will have more than 1500 hospital beds in this region. The expansion is aided by Series B funding of \$27 million raised from The Fundamentum Partnership and others, last month. With this expansion, Ayu Health will be present across the cities of Bengaluru, Jaipur, Chandigarh and Delhi-NCR.

Felix Hospital, PSRI, Kalra Hospital, Manas Hospital, Vimhans Hospital etc. are some of the top hospitals they have partnered with in Delhi-NCR.

Himesh Joshi, Co-Founder & CEO, Ayu Health said, “Now we have hospitals in Noida, Delhi, Faridabad and Ghaziabad and we are focusing on the entire region. Given our presence in Chandigarh and Jaipur, the intent is to have a presence across the entire region as a continuum. As a part of that, we would be adding another 25-30 hospitals to our network in the city, over the next three months. Our target is to become the largest hospital chain in the country by end of this year.”
