MedLern, Shree Bhavani Group of Institutions to introduce HeartCode Complete resuscitation prog

29 July 2022 | News

Upon completing both parts, the students will receive an American Heart Association BLS e-Card

India MedLern, a leading digital learning solution for hospitals and healthcare professionals, has collaborated with Shree Bhavani Group of Institutions to provide resuscitation training. Shree Bhavani Group of Institution will adopt this programme, HeartCodeï¸• Complete, for training their nursing students in BLS.

The programme is divided into two parts – online, self-paced Cognitive Part 1 and Skills Session on the RQI-P GO Simulation Station. Upon completing both parts, the students will receive an American Heart Association BLS e-Card. RQI-P GO Simulation Stations are portable and students will have the flexibility to be trained on BLS without having to travel at any location. The innovation training programme is also user friendly and provides real time audio visual feedback to the learners. It also adapts to the learning style of the students so that they can complete the training at their own pace and time.
