Cadila Pharma creates Collaboration Vertical to drive growth

09 August 2022 | News

The new vertical will work in close collaboration with different verticals of the company and group

Ahmedabad-based Cadila Pharmaceuticals has created a Collaboration Vertical to drive synergies in its next phase of growth. The Collaboration Vertical will work in close collaboration with different verticals of the company and usher in greater synergy and efficiency in the company's operations.

“The Collaboration Vertical will play the role of binding together the different verticals and ensure optimum efficiencies and performances,” said Hitesh Sumariya, Collaboration Head at Cadila Pharmaceuticals.

The Collaboration Vertical will work closely with the leaders of different verticals as well as the top management in overall strategic planning and execution.
