

StanPlus, Narayana Hrudayalaya to provide ambulatory service within 15 mins in Bengaluru

16 August 2022 | News

The company is also planning to station 25 more ambulances making it a total of over 160 red ambulances in Bengaluru

StanPlus has partnered with Narayana Hrudayalaya to manage their ambulance services and provide ambulance care to critical cases in less than 15 minutes. The partnership entails deploying advanced life support and basic life support in Narayana Health's Narayana Institute of Cardiac Sciences and Mazumdar Shaw Medical Center within the Health City campus catering to over 1250 beds.

StanPlus currently boasts of a fleet of 44 StanPlus-owned Red Ambulances and another 100 ambulances deployed via multiple aggregators. The company is also planning to station 25 more ambulances making it a total of over 160 red ambulances in Bengaluru. Before the ambulances become a part of the StanPlus Fleet, they go through rigorous quality checks to ensure that patients are met with optimum care.
