Aster International Institute of Oncology to offer training & fellowship programmes

21 September 2022 | News

Newly launched institute aims to provide comprehensive cancer care under one roof

Aster Hospitals Bangalore, a unit of Aster DM Healthcare, has launched an institute of oncology under the banner - Aster International Institute of Oncology (AIIO). This newly launched institute will be the centre of excellence in the treatment of all cancers under a single roof. The state-of-the-art institute was launched by Dr Azad Moopen, Founder Chairman and Managing Director, Aster DM Healthcare.

Speaking on the launch, Prof Dr Somashekhar S P, Chairman of Medical Advisory Board and Global Director of Aster International Institute of Oncology, Aster DM Healthcare, India & GCC, said, “The idea is to establish AIIO as the number one cancer care institute in India, and soon to be in the top 5 globally. All centres will have robots, hi-tech dedicated machines, intra-operative radio therapy, state-of-the-art medical equipment. We are also partnering with top universities in the world for the research and development purposes. We are establishing training and fellowship programmes in affiliation with Rajiv Gandhi University or any recognized university and offering DrNB Oncology programme. AIIO will be the exclusive research wing and for clinical trials.”
