Society for Emergency Radiology appoints Dr Arjun Kalyanpur as President

10 November 2022 | News

Dr Sanjiv Sharma (Former President) hands over responsibilities to the current leadership consisting of Dr Arjun Kalyanpur

Dr Arjun Kalyanpur, Co-founder and Chief Radiologist of Teleradiology Solutions has been appointed President of the Society for Emergency Radiology (SER), for 2022 – 2024. SER is a not-for-profit society established with the goal of promoting awareness, education and research in emergency radiology.

During his tenure, Dr Kalyanpur will focus on leading and communicating the larger vision of SER in India, driving key initiatives with the support of the executive committee, enhancing connections with other International Societies and further promoting the educational programs and activities of SER across the nation and globe.

Dr Kalyanpur is the Co-founder and Chief Radiologist of Teleradiology Solutions. In 2002, he founded Teleradiology Solutions, which currently provides Teleradiology reporting services (CT, MRI, X-ray, and Ultrasounds Reports) to over 100 hospitals in the United States, Asia, and Africa. Dr Kalyanpur is trained at AIIMS, New Delhi, Cornell University Medical Center and Yale University. He is a passionate advocate for the use of artificial intelligence (AI) in radiology.
