# Continental Hospitals opens dedicated headache & migraine clinic in Hyderabad

14 November 2022 | News

**To offer accurate diagnosis and various treatment modalities**

Continental Hospitals, Gachibowli, Hyderabad has unveiled India's premier & dedicated Headache & Migraine clinic to offer comprehensive, multi-disciplinary approach for the treatment & management of headache & migraine in adults and children.

Continental Headache Clinic will have expert neurologists, neuroradiologists, psychiatrists, psychologists, sleep specialists, nutritionists & neurosurgeons, and will take a multi-dimensional approach for treatment & management of headache as a team. This multidisciplinary approach will offer accurate diagnosis and various treatment modalities, alternative therapies, and usage of new drugs discovered in recent times for the benefit of patients.

Speaking at the unveiling of the Headache Clinic, Continental Hospitals Chairman Dr Guru N Reddy said that the need for a specialised and dedicated headache & migraine clinic has never been more needed in our country.

"Headache is the most common cause in neurology speciality for patients to visit emergency rooms and WHO has estimated that India would be incurring an expense of over $1 trillion (Rs 85,000 crore) in management of mental diseases that includes headaches in near future," highlighted Dr Reddy.
