Neuberg Diagnostics unveils state-of-the-art regional reference laboratory in Nagercoil, TN

31 January 2023 | News

With the addition to this new lab, Neuberg Diagnostics now has 23 labs in Tamil Nadu

Neuberg Diagnostics has launched a state-of-the-art regional reference lab in Southern Tamil Nadu in Nagercoil. The lab was inaugurated by Thiru T Mano Thangaraj, Minister for Information Technology & Digital services, Tamil Nadu, India, and Dr GSK Velu, Chairman and Managing Director, Neuberg Diagnostics.

The lab is equipped with the latest technology which can conduct and process 1000 samples in a day and deliver results within the given turnaround time while maintaining the best-in-class quality. People can avail services such as preventive health checks, home collection, and specialty blood tests.

The lab will be accessible through 6 collection centres to be launched in the region over the next three months, with plans to expand to 10 centres in total. Neuberg as a group is equipped to conduct futuristic tests such as genomics, proteomics, metabolomics, molecular biology, and digital pathology.

Dr GSK Velu, Chairman and Managing Director, Neuberg Diagnostics, said "Neuberg is starting with three facilities in Nagercoil, Thakkalai and Marthandam and has plans to be present in every town of Kanyakumari district."
