Neuberg Diagnostics unveils upgraded facility for genomic medicine in Ahmedabad

13 February 2023 | News

Equipped with state-of-the-art research infrastructure and high end-throughput sequencers

Neuberg Diagnostics has launched Asia's largest upgraded genomic facility of Neuberg Centre for Genomic Medicine (NCGM) in Ahmedabad. The facility was inaugurated by ricketer M.S Dhoni in the presence of Dr GSK Velu, Chairman, and Managing Director, Neuberg Diagnostics, Dr Sandip Shah, Executive Director, Neuberg Diagnostics.

The Centre has a sprawling 30,000 sqft standalone premises with state-of-the-art testing devices and provides research-based genomic service, including comprehensive range of genetic testing solutions and dedicated genetic counseling services. NCGM is one of the top Genomics testing providers in Asia with comprehensive Genomics labs located in Ahmedabad, Chennai and North Carolina (USA).

With the latest advanced technology and a skilled bioinformatics team, NCGM is a global entity that works with the largest team of genomic sub specialists housed under one roof and researchers across the world to provide solutions to the genomic conundrum. The centre offers a wide range of services, including Inherited Genetics, Reproductive Genetics, Solid Oncology Genomics, Hemato-Oncology Genomics, Transplant Immunology, Cytogenetics and other tests.

NCGM is also equipped with state-of-the-art research infrastructure, high end -throughput sequencers, fragment analysers, and high-end HPC clusters for population-scale bioinformatics analysis.

“With its focus on delivering the best-in-class genetic services, NCGM is poised to make a significant impact in the field of genomic medicine. NCGM is India's largest Exclusive Genomic Testing Facility with 30,000 Sqft infrastructure combined with a team of highly skilled professionals, make NCGM a one-stop solution for genomic testing and research.” said Dr Sandip Shah, Executive Director , Neuberg Diagnostics .
