AIC-Pinnacle Entrepreneurship Forum aims to incubate 25 new startups in FY24

28 March 2023 | News

AIC-Pinnacle facilitated Rs 1.5 crore funds disbursement to its startups under multiple schemes and grants in FY 23

AIC (Atal Incubation Centre)-Pinnacle Entrepreneurship Forum, supported by Atal Innovation Mission, NITI Aayog, Ministry of Micro, Small & Medium Enterprises, and Ministry of Electronics and IT, Govt of India, has announced a call for applications for its incubation programme.

The programme is designed to support early-stage startups, entrepreneurs, and innovators in achieving their startup goals. AIC-Pinnacle's incubation programme is an initiative to foster innovation and entrepreneurial spirit while creating a supportive ecosystem for startups and entrepreneurs in India. AIC Pinnacle has incubated more than 60 startups in both pre-and incubation stages. Also, in FY23, AIC-Pinnacle disbursed Rs 1.5 crore under various schemes.

The incubation programme will provide participants with various benefits, including access to mentorship, resources, networking opportunities, and funding. Participants will work alongside experienced mentors and industry experts, who will provide guidance and support in various aspects of their startups, including marketing, product development, fundraising, etc.
