BIOSPECTRUM INDUSTRIAL BIOTECHNOLOGY (ENZYMES) SURVEY AND METHODOLOGY

BioSpectrum India, a leading B2B media platform in Lifesciences space since 2003 has re-launched its ranking special edition in June 2019. In this survey we looked at only Industrial Biotechnology (Enzymes) Industry with companies specialising in food & beverage, textile, pharmaceutical, food processing, leather, detergents, paper and pulp and bioenergy. We highlighted the companies (both MNCs and domestic players) based on their achievements in the past financial years.

A detailed questionnaire (survey form) was shared to companies in this space to capture the needed information for the analysis. This was done during December 2022-January 2023. Companies shared information with us to the extent it was possible by them. We have collected information about listed companies from stock exchange and financial agencies and Ministry of Corporate Affairs (MCA) as well.

The revenues considered for the analysis are of Industrial Biotechnology (Enzymes) products sales. In several cases, where revenue figures were not available, estimates were arrived in discussion with industry experts.

#For all the ranking purposes, we have taken the Industrial Biotechnology (Enzymes) business only into consideration. Wherever 'Revenue is mentioned, it means, sales turnover from Industrial Biotechnology (Enzymes) products division. Therefore, revenue wherever mentioned is not necessarily the total sales turnover of the company.
