

Redcliffe Labs extends reach in UP with new cutting-edge facility in Muzaffarnagar

18 April 2023 | News

Redcliffe Labs now has a network of 15+ diagnostic centres in Uttar Pradesh

Redcliffe Labs, Noida-based diagnostics service provider, has recently launched its state-of-the-art diagnostic lab in Muzaffarnagar, to provide world-class diagnostics services to the doorsteps of the people of Uttar Pradesh (UP).

With the launch of Muzaffarnagar Lab, the startup now has a network of 15+ diagnostic centres in Uttar Pradesh. The lab has a setup of all clinical laboratory departments, including Biochemistry, Hematology, Immunoassays, Clinical Pathology, Hormones, and more.

Redcliffe Labs has made healthcare services accessible for the residents of Muzaffarnagar and nearby areas like Khatauli, Purquazi, Shamli, Jansath, Bhopa, and Bhadana. Redcliffe already has an impressive footprint in Himachal Pradesh, Punjab, Haryana, Uttar Pradesh, Jammu Kashmir, and Uttarakhand.

Just like the entire network of Redcliffe labs, the lab in Muzaffarnagar is equipped with state-of-the-art, fully automatic instruments, ensuring the optimum levels of accurate reporting as per NABL & ISO guidelines.
