MTaI invites diplomats from various countries to discuss opportunities for global players in India

20 April 2023 | News

In the day-long event, MTaI will hold various discussions with Diplomats and Industry Stakeholders for investment possibilities in the Indian medtech space

Medical Technology Association of India (MTaI) which represents leading research-based medical technology companies with significant investments in Manufacturing, R&D, and Healthcare worker training in India, is coming up with their first meeting for this financial year and a day-long event to discuss the opportunities & challenges for the MedTech industry in India.

The event will take place on 5th May 2023 at J W Marriott, Aerocity, New Delhi. The event will also include a high-level roundtable with the theme “Capitalising opportunities for Global MedTech companies in India” where diplomats from countries like the United States, United Kingdom, France, Germany, Japan, Denmark, Netherlands, Sweden, etc. are likely to participate.

Speaking about the event, Pavan Choudary, Chairman, MTaI said, “The growing hospital capacity and the Govt. of India’s Emphasis on this sector is making India a favourite spot for the MedTech Industry. Additionally, India also provides a China +1 alternative for global investors as it shares a similar market, political systems, and a history of peace with the West and Japan. We feel that domestic and international currents will together help carve out key policy recommendations and initiatives which will be instrumental in furthering the MedTech industry in India. ”
