Global Bio-India 2023 gives a billion reasons to invest in India

14 October 2023 | News

The event is taking place on 4-6 December 2023 at Pragati Maidan, New Delhi

Department of Biotechnology (DBT), Ministry of Science & Technology, Government of India and it's Public Sector Undertaking, Biotechnology Industry Research Assistance Council (BIRAC) are organising Global Bio-India 2023, a mega international congregation of biotechnology stakeholders, including international bodies, regulatory bodies, Central and State Ministries, SMEs, large industries, bioclusters, research institutes, investors, and the startup ecosystem.

The biotechnology sector is recognised as the key driver for contributing to India's $5 Trillion economy target. Taking place on 4-6 December 2023 at Pragati Maidan, New Delhi, Global Bio-India 2023 would showcase India's Biotech growth and opportunities to the world.

India being the No. 1 supplier of of DPT, BCG and measles vaccines globally; No. 2 producer of BT cotton globally; and 3rd argest biotech destination in the Asia Pacific Region, this event gives out a billion reasons to invest in India.

The Indian Biotechnology industry was valued at $93.1 billion in 2022, with expectations of reaching $300 billion by 2030. DBT, which is playing a pivotal role in realising the sector's potential, aims to foster high-performance biomanufacturing to enable a circular bioeconomy.

With the theme- '*Transforming lives Biosciences to Bioeconomy*', Global Bio-India 2023 is all set to witness participation for more than 50 countries, more than 500 exhibitors, and more than 5000 delegates.

Watch this space as we bring to you exclusive insights from DBT and BIRAC about the key highlights that will unfold Global Bio-India 2023 very soon!
