Nido Group partners with 1Pharmacy to revolutionise E-Pharma fulfillment process

25 June 2024 | News

Positioning 1Pharmacy as a frontrunner in the digital pharmacy landscape

Mumbai-based Nido Group, a leading player in warehouse automation, has announced its strategic integration with Bengaluru-based startup 1Pharmacy, a leading innovative tech solutions company powering stakeholders across the pharmaceutical supply chain to revolutionise their order fulfillment and sorting processes.

This partnership will help in optimising operations & digitalising the entire value chain, resulting in enhanced efficiency, reduced errors, and streamlined processes.

Nido Group's cutting-edge automation technology and advanced ERP integration, designed to enhance order fulfillment and sorting processes, is set to boost Urmedz's order processing by 100% while transforming its operations. By utilising state-of-the-art automation tools, this collaboration will result in smooth order processing and increased efficiency, thereby reducing order processing time by 50% and raising sorting accuracy to 99.9%.

Urmedz, driven by the combined capabilities of 1Pharmacy and NIDO Group, is poised to revolutionise its operations with enhanced efficiency and scalability. Currently operating from 2 fulfillment centres (FC), Urmedz plans to expand its footprint across India, bolstered by NIDO Group's expertise in warehouse automation and 1Pharmacy's advanced AI-enabled Warehouse Management System (WMS).
