Qure.ai receives Siemens Healthineers Startup Award 2024

13 August 2024 | News

Qure.aiâ??s AI-powered solutions enhance access to care and streamline diagnostics

Mumbai-based startup Qure.ai, a global leader in healthcare artificial intelligence (AI), has been honoured with a Startup Award by Siemens Healthineers. This accolade recognises startups that have developed unique and effective solutions to healthcare challenges, demonstrated strong growth and market potential, and have the potential to make a significant impact in the healthcare industry.

The Siemens Healthineers Startup Award 2024 commemorates Qure.ai's significant contributions to improving the diagnosis of tuberculosis, stroke, and musculoskeletal conditions through innovative artificial intelligence solutions.

Prashant Warier, CEO and Co-founder of Qure.ai said, "The focus of Siemens Healthineers on innovation to improve patient outcomes and access to care is truly admired. To be recognised as one of the top companies innovating in AI-powered healthcare by Siemens Healthineers means a lot to us. We look forward to working together on this mission to use AI to improve access to healthcare."

Qure.ai's AI-powered solutions enhance access to care and streamline diagnostics, optimising clinical efficiency across areas including lung cancer, stroke, and tuberculosis. Qure's collaboration with Siemens Healthineers underscores a shared commitment to making healthcare more accessible, equitable, and sustainable globally.
