Andhra Pradesh seeks greater collaboration with Centre to boost biotechnology

01 April 2025 | News

Centre to extend full support for Andhra Pradeshâ??s biotechnology push: Dr Jitendra Singh

Andhra Pradesh’s Health Minister, Y. Satya Kumar, called on Union Minister of Science & Technology, Dr Jitendra Singh in the national capital, seeking greater collaboration in the field of biotechnology.

During their discussion, the two leaders explored ways to upscale biotechnology-related projects in the state and enhance ongoing initiatives with central support.

Satya Kumar highlighted Andhra Pradesh’s commitment to leveraging biotechnology for healthcare advancements and industrial applications. He stressed the need for increased cooperation to bring cutting-edge innovations to the state.

Dr Jitendra Singh assured full support from the Centre, reaffirming that biotechnology remains a priority sector under the present government. He emphasised the transformative potential of biotechnology in sectors like healthcare, pharmaceuticals, and sustainable StartUps, noting that Andhra Pradesh could play a crucial role in driving such advancements.

Dr Jitendra Singh noted that, over the years, Andhra Pradesh has emerged as a key player in India’s biotechnology sector, in areas such as biopharmaceutical research, marine biotechnology, and agricultural biotech solutions. The State hosts several biotech incubators and research institutions that have been instrumental in promoting innovation and entrepreneurship.

With initiatives like the Biotechnology Industry Research Assistance Council (BIRAC) funding and national biotech missions, Andhra Pradesh has witnessed significant growth in biotech startups and industry partnerships, the Minister said. The renewed push for collaboration aims to further integrate the state into India’s broader biotechnology roadmap, he added.
