Maharashtra Governor inaugurates revamped Aditya Jyot Eye Hospital in Mumbai

29 April 2025 | News

Hospital is equipped with cutting-edge ophthalmic technology to support high-precision diagnosis and treatment

Maharashtra Governor C.P. Radhakrishnan inaugurated the newly revamped Aditya Jyot Eye Hospital in Wadala, Mumbai. A unit of Dr Agarwals Eye Hospital, the revamped 9,000 sq. ft. facility marks a major step forward in the group's mission to offer advanced and accessible eye care across Maharashtra.

The hospital has been transformed into a state-of-the-art facility, equipped with a modular operating theatre, a world-class laser refractive operation theatre**,** a modern optical retail and diagnostic display unit, and a fully stocked in-house pharmacy.

Designed to deliver a seamless and all-inclusive eye care experience, the centre now offers a comprehensive range of ophthalmic services under one roof, including advanced treatments in Cataract, Retina, Cornea, LASIK, Glaucoma, Uveitis, Squint, Pediatric Ophthalmology, Neuro-Ophthalmology, and Oculoplasty.

The hospital is equipped with cutting-edge ophthalmic technology to support high-precision diagnosis and treatment. Key systems include the Alcon Constellation surgical unit and the 3D ARTEVO microscope for advanced retinal and cataract procedures, the WAVE LIGHT EX500 for high-speed LASIK, and laser platforms such as the ZEISS Green Laser and YAG Laser for retinal and posterior capsulotomy treatments. Diagnostic and imaging capabilities are powered by the NIDEK Mirante, ZEISS OCT 5000, Pentacam, ZEISS IOL Master, and B-scan, while clinical examinations are enhanced with tools like the indirect ophthalmoscope and applanation tonometer—ensuring comprehensive, world-class eye care under one roof.

Dr Agarwals Eye Hospital currently operates over 230 hospitals across 10 countries, including 18 in Mumbai and 30 across Maharashtra. The group serves more than 2 million patients annually and performs over 200,000 surgeries globally. Moving forward, it remains committed to expanding its presence by adding more facilities in both Maharashtra and Mumbai to further enhance access to quality eye care.

As part of its ongoing efforts to promote eye health, the hospital is offering free eye check-ups for senior citizens aged 50 and above, available until May 31.
