IIT-KGP inks MoU with Technische Universitat Darmstadt, Germany to foster academic collaboration

26 May 2025 | News

To explore innovative opportunities for cooperation, including student and faculty exchange programmes

The Indian Institute of Technology Kharagpur (IIT-KGP) has signed a Memorandum of Understanding (MoU) with the Technische Universitat Darmstadt, Germany, to foster collaboration in academic, research and innovation initiatives.

Dr Jana Freihöfer, Dean of International Affairs, Technical University Darmstadt discussed a range of disciplines, including robotics, AI, mechanical, aerospace, computer science & engineering, electrical, electronics engineering disciplines, political science, biological sciences, medical sciences, biotechnology, industrial engineering, and others.

The meeting was marked by active engagement and sharing of insights on potential areas for joint academic and research programmes, reinforcing the strategic priorities of both institutions.

The MoU sets a framework for both institutions to explore innovative opportunities for cooperation, including student and faculty exchange programmes, joint research projects, and shared academic ventures. It is envisaged that several collaborative academic and research programmes will emerge from this strategic partnership.
