Suraksha Diagnostics announces collaboration with United Imaging Technologies

18 June 2025 | News

Collaboration involves a total investment of Rs 200 crore by Suraksha Diagnostics

Suraksha Diagnostics, a leading diagnostics service provider in Eastern India, has announced its collaboration with United Imaging, a global leader in advanced imaging technologies, with an aim to establish more than 20 new imaging centres across Eastern India.

The collaboration involves a total investment of Rs 200 crore by Suraksha Diagnostics. This will focus on bringing advanced imaging solutions to Tier 2 and Tier 3 cities in Eastern India.

The collaboration aims to enhance healthcare accessibility and affordability in smaller towns and semi-urban areas. Suraksha Diagnostics will be working closely with United Imaging by leveraging its existing network and reputation for delivering cost friendly and superior quality healthcare services.

United Imaging will be offering its advanced imaging technologies such as MRI, CT, and PET CT solutions, in order to extend support for the diagnosis and treatment of various medical conditions.

This partnership will enable Suraksha Diagnostics to provide an all-inclusive range of imaging services, further strengthening its position as a trusted healthcare provider in Eastern India.
