

Agilus Diagnostics deepens footprint in Mysuru with launch of new centre

19 August 2025 | News

New diagnostics hub brings comprehensive and advanced healthcare services closer to residents of South Mysuru

Agilus Diagnostics, a subsidiary of Fortis Healthcare Limited, has announced the inauguration of its latest Diagnostic centre at Kuvempunagar, Mysuru. Chief Guest Lakshmikanth Reddy G., IAS – Deputy Commissioner of Mysore and Guest of Honour Seema Latkar, IPS – Commissioner of Police, Mysore City inaugurated the new centre in the presence of local dignitaries, healthcare professionals and community members, which followed by a lunch gathering at noon.

With a legacy spanning over 30 years, Agilus Diagnostics stands as India's largest diagnostics company, trusted by millions for its commitment to quality and innovation. Boasting 30+ crore tests conducted, 4000+ customer touchpoints, and a network extending across 30+ states and Union Territories, Agilus continues to set benchmarks in accuracy, reliability, and patient convenience.

The new Kuvempunagar centre offers residents access to an extensive suite of diagnostic and preventive healthcare services, including:

- CT Scan
- Ultrasound Scan
- X-Ray
- OPG
- Mammography
- EEG & Audiometry
- ECG, ECHO & TMT
- Full-service Pathology Lab
- Preventive Health Check-ups

This facility complements Agilus' existing main branch, Agilus Diagnostics – KCDC, at No.L-25/2A, Irwin Road, further strengthening its Karnataka network and reinforcing the company's mission of delivering diagnostic excellence closer to communities.

Dr Anand K, Managing Director & CEO, Agilus Diagnostics, said, *“With our new centre in Kuvempunagar, Mysuru, we reaffirm our commitment to making high-quality, reliable diagnostic services accessible to all. Our focus remains on empowering patients and healthcare providers through timely, accurate testing and supportive care, right in the heart of the community.”*
