Healthark Brings Back RWEsearch & Health Innovation Summit 2025, September 9â??11

26 August 2025 | News

The 2025 edition will feature four dedicated tracks covering real-world evidence, clinical research, AI, and healthcare delivery globally

Following the success of its inaugural edition in 2024, which saw 1800+ registrations, 1100+ attendees, 45+ speakers, and participation from 30+ organizations across 10+ countries, Healthark is set to host the RWEsearch & Health Innovation Summit 2025.

This year, the summit will be graced by the presence of **Hon'ble Minister for Information Technology, Electronics & Communications, Industries & Commerce, & Legislative Affairs, Government of Telangana, Shri D. Sridhar Babu**, who will join as the Chief Guest, bringing an important policy, growth and innovation perspective to the conversations.

This three-day global summit will unite leaders from life sciences, healthcare, MedTech, and Global Capability Centers (GCCs) to address the most pressing challenges in healthcare. Speakers from leading organizations including **Novo Nordisk, Bayer, AstraZeneca, BMS, and Deloitte** will share insights and expertise.

"The healthcare landscape is evolving faster than ever, and collaboration is key," said Dr. Purav Gandhi, Founder & CEO, Healthark. "Through this summit, we aim to foster dialogue, challenge assumptions, and co-create solutions that can transform healthcare and evidence generation worldwide."

The 2025 edition will feature four dedicated tracks covering real-world evidence, clinical research, AI, and healthcare delivery **globally**, as well as region-specific focus on **India, the Middle East, and African** countries. Core themes include diversity in clinical trials, validating AI-driven data, harnessing automation, and navigating dynamic markets. A **special track focused on Global Capability Centers** will highlight how these capability centers out of India are driving transformation through innovation, AI adoption, and availability of talent at scale.

With this strong foundation and exciting line up of speakers, the summit promises to be a defining platform for shaping the future of healthcare. Registrations are now open, join this global conversation shaping tomorrow's healthcare, click here to register.
