

Bio Connect 3.0 to take place on October 9–10, 2025 at Trivandrum

26 September 2025 | News

A transformative two-day journey into the evolving world of biotechnology

Organised by the Kerala Life Sciences Industries Park and the Kerala State Industrial Development Corporation, [Bio Connect 3.0, Kerala 2025](#) will feature thought-provoking discussions, visionary keynote sessions, and cutting-edge technology showcases.

Along with BioSpectrum as the media partner, Bio Connect 3.0, Kerala 2025 invites you to a transformative two-day journey into the evolving world of biotechnology, pharmaceuticals, medical research, and sustainable innovation.

Hosted at the iconic The Leela, Kovalam on October 09th & 10th, this global platform will bring together the brightest minds and pioneering organizations shaping the future of life sciences.

We look forward to witness a unique confluence of innovation, collaboration, and opportunity — offering extensive B2B & B2G networking sessions, powerful industry-academia linkages, and exhibitions that highlight the latest breakthroughs in healthcare, genetics, and biotechnology.

Bio360 Life Sciences Park is Kerala's integrated hub for biotechnology, pharmaceuticals, medical devices, and healthcare innovation. Spread across 200 acres at Thonnakal in Thiruvananthapuram, Kerala, the park offers 360-degree support to industries spanning biotechnology, pharmaceuticals, medical devices, healthcare, agri-biotech, marine biotech, nutraceuticals, and regenerative medicine, driving collaboration, entrepreneurship, and global opportunities in life sciences.
