Suraksha Diagnostics & Medikabazaarâ??United Imaging launch uAcademy to advance radiology education

16 December 2025 | News

uAcademy has been envisioned as a hands-on academic platform

Suraksha Diagnostics, in collaboration with Medikabazaar–United Imaging (UIH), has announced the launch of uAcademy, a comprehensive academic initiative designed to support young consultant radiologists and senior radiology students through structured, case-based, and advanced techno-clinical learning.

uAcademy has been envisioned as a hands-on academic platform that integrates clinical expertise with advanced imaging technology, addressing the growing need for practical, outcome-driven learning in radiology. The initiative aims to strengthen diagnostic accuracy, enhance clinical decision-making, and ultimately improve patient care and outcomes.

The launch event was graced by distinguished dignitaries including Justice Ashim Kumar Banerjee (Retd.), Chairperson, West Bengal Clinical Establishments Regulatory Commission (WBCERC), as Chief Guest, and Dr Sudipto Roy, President, West Bengal Medical Council, as Guest of Honour, along with leading radiologists, clinicians, and healthcare leaders.

Speaking on the launch, Jitesh Mathur, Chief Revenue Officer, Medikabazaar, said, “uAcademy is a meaningful step toward creating a robust academic ecosystem where young radiologists can gain hands-on exposure and clinical confidence that directly impacts patient outcomes.”

Addressing the gathering, Dr Sudipto Roy, President, West Bengal Medical Council, noted, “Initiatives like uAcademy play a vital role in bridging the gap between academic training and clinical practice, ensuring that young radiologists are well-equipped to meet patient care challenges.”
