Yashoda Medicity appoints Dr Rajinder Kumar, as Principal Director and Unit Head, Department of Neurosurgery

26 December 2025 | News

An internationally acclaimed neurosurgeon with 25+ years of experience

Yashoda Medicity, one of the leading hospitals in the Delhi NCR, has appointed Prof. Dr Rajinder Kumar as Principal Director & Unit Head, Neurosurgery at the Yashoda Institute of Neurosciences.

An internationally acclaimed neurosurgeon with 25 + years of experience and 7,000 + cranial and spinal surgeries to his credit, Prof. Dr Kumar has had a distinguished association with AIIMS, New Delhi, spanning more than two decades.

Trained at premier institutions, Prof. Dr Kumar completed his postgraduate studies from AIIMS, New Delhi, and is a Fellow of the University of Iowa, USA. He has received advanced training in functional neurosurgery at AMC University, Amsterdam, Gamma Knife radiosurgery in the USA, and skull base endoscopy across Europe and the USA. His areas of expertise include functional, vascular, skull base, endoscopic, spine, and minimally invasive neurosurgery, and more.

Dr Kumar also has an extensive academic portfolio, with numerous publications in leading national and international journals that cover neuro-oncology, pediatric neurosurgery, functional and endoscopic neurosurgery, and related fields. His contributions also include innovative surgical techniques and instruments that have advanced neurosurgical practice.

With this appointment, Yashoda Medicity continues to reinforce its commitment to delivering world-class, technology-driven neurosurgical care.
