Fresenius Medical Care opens Global Business Services office in Bengaluru

27 January 2026 | News

To attract, nurture, and develop healthcare talent across India

Germany headquartered Fresenius Medical Care recently celebrated the opening of the company's Global Business Services (GBS) office in Bengaluru. This marks an important milestone for Fresenius Medical Care, and a step forward on its global journey.

This new centre is designed to attract, nurture, and develop talent across India, with a ramp-up planned in the months ahead. This new workspace is designed to foster collaboration, innovation, and excellence as the company continues to advance care and deliver meaningful outcomes for the communities it serves.

The inauguration brought together the company's leadership, colleagues, and partners to reflect on the journey and share their vision for the future. Through leadership messages and expert insights from a renowned nephrologist Dr Vishwanath S, Head of Department & Consultant, Nephrology & Transplant Physician at the Manipal Hospitals in Bengaluru, the company reaffirmed its purpose and commitment to care.

Fresenius Medical Care is the world’s leading provider of products and services for people with chronic kidney failure.
