Maxivision Super Speciality Eye Hospitals appoints Badrinarayan Srikanth as Group CEO

09 July 2026 | News

With over 15 years of experience in leadership roles & overall experience of over 20 years

Maxivision Super Speciality Eye Hospitals has announced the appointment of Badrinarayan Srikanth as its Group Chief Executive Officer (CEO). His transition from Group Chief Financial Officer is a deliberate, strategic step forward for the business.

With over 15 years of experience in financial leadership roles and an overall experience of over 20 years, Srikanth's elevation comes at a significant phase in Maxivision's growth journey as the organisation continues to expand its eye care network and strengthen its focus on patient care.

During his tenure as CFO, Srikanth contributed to strengthening Maxivision's financial processes and supported the organisation's expansion plans.

His thorough understanding of Maxivision's operations, culture, and long-term ambitions ensures he is perfectly equipped to steer the company forward and his long-term vision will enable him to lead the organisation into its next phase of growth. He brings deep expertise in business operations, fiscal management, and organisational growth along with a proven capability to lead the senior management team.

Under Srikanth's leadership, Maxivision Super Speciality Eye Hospitals will continue to keep their focus on clinical governance and concentrate on building deeper engagement with their doctors and employees, whilst capitalising on the significant expansion opportunities ahead for their network, which currently holds 90+ facilities operating across six states in South and West India.
