Premas Biotech

CEO

Dr Rajeev Soni

Business: Distributor of genome sequencing tools

Start-up Year: 2004

23

Address: Plot No. 77, Sector 4,
IMT Manesar, Gurgaon-122050
Tel: +91-124-4546600
Fax: +91-124-4546624
Website: www.premasbiotech.com

Revenue: 27.70 crore

Markets genome sequencing tools

Premas Biotech offers life science research solutions to companies in India and abroad. Besides being a full fledged contract research and manufacturing services organization, Premas has also been into the marketing of genome sequencing instruments.

The company is one of the distributors for the US-based company Illumina which is a market leader in genome sequencing. Registering a good growth in business, the company clocked revenue of 27.70 crore in FY 2010-11 as compared to 23.70 crore in the FY 2009-10.

In India, Illumina got its first platform, Bead Array installed at IGIB in 2007. So far, Premas has been instrumental in the installation of over 10 of its flagship genetic analysis platforms. Looking ahead, Premas Biotech, in the current financial year, would further consolidate its distribution business.

Biodigital

CEO

Mr Vijay Bakhru

Optimistic about future

Biodigital has emerged as one of the leading suppliers of equipment in the bioresearch market with prime focus in the field of biotechnology and other related fields. In FY 2010-11, the company reported a decrease in revenue by registering 24 crore as compared to 27 crore in FY 2009-10. Despite this slide, the company is quite optimistic about the good growth opportunities in the current financial year.

The brands represented by the company include Syngene,
