ADMI announces appointment of new Secretary and Joint Secretary

10 August 2026 | News

For closer coordination between industry and regulatory authorities on compliance

The Association of Diagnostics Manufacturers of India (ADMI), an industry association representing manufacturers in India's In Vitro Diagnostics (IVD) sector, has announced that Nital Patel of Reckon Diagnostics has been elected as Secretary and

Prakash Rana of Prahas Healthcare LLP has been elected as Joint Secretary of the Managing Committee.

As elected members of ADMI's Managing Committee, Nital Patel and Prakash Rana will take on their respective responsibilities as Secretary and Joint Secretary. Together with the other members of the Managing Committee, they will contribute to ADMI's industry, policy and regulatory priorities, with continued focus on quality, domestic manufacturing, innovation and the growth of India's IVD ecosystem.

Welcoming the newly elected office bearers, Jatin Mahajan, President, ADMI, said, "I am pleased to welcome Nital Patel and Prakash Rana to their new responsibilities within ADMI. Both bring valuable industry experience and an understanding of the opportunities and challenges before India's diagnostics sector. We look forward to working together to strengthen ADMI's engagement with industry, government and other stakeholders, while continuing our focus on quality, indigenous manufacturing, innovation and the growth of India's IVD ecosystem."
