Advent International to invest Rs 3150 Cr in Yatharth Hospitals for 24.9% stake

17 September 2026 | News

One of the largest primary infusion by a private equity firm in Indiaâ??s hospital sector

Yatharth Hospital and Trauma Care Services, one of North India's fastest-growing listed healthcare providers, has announced that Advent International, a leading global private equity investor, has entered into a definitive agreement to invest Rs 3150 crore of primary capital in the company.

Upon completion of the transaction, which remains subject to customary closing conditions, Advent is expected to acquire a significant minority stake of 24.9% in Yatharth Hospitals.

The transaction marks a pivotal milestone in Yatharth Hospitals' growth journey and reflects Advent's confidence in the company's differentiated healthcare platform, strong clinical capabilities, scalable operating model, and experienced management team. Following the investment, the promoter, the Tyagi Family, will remain the company's largest shareholder and continue to guide the company's long-term vision, alongside a strong leadership team of healthcare and business professionals.

Founded in 2008, Yatharth Hospitals has built one of North India's leading healthcare networks, operating nine multi-speciality hospitals with ~2,800 beds and an overall announced capacity of ~3,250 beds. The company has consistently expanded its footprint through a combination of organic and inorganic growth, while maintaining a strong focus on clinical excellence, patient outcomes, and operational performance.
