Thyrocare expands presence in Jamshedpur opening new diagnostic lab in collaboration with SecondMedic

23 September 2026 | News

Laboratory is equipped for catering to routine as well as specialised diagnostic testing requirements

Thyrocare Technologies has announced the launch of its new diagnostic laboratory in Jamshedpur, Jharkhand, in collaboration with SecondMedic. The facility was inaugurated by Piyush Singh, Vice President, Thyrocare Technologies.

The launch marks another step in the efforts of Thyrocare towards strengthening its diagnostic network and improving the accessibility of affordable and reliable diagnostic services across the growing markets.

The laboratory is equipped for catering to routine as well as specialised diagnostic testing requirements and is supported by trained professionals, helping to address the evolving healthcare needs of the healthcare partners and patients in the region.

The collaboration with SecondMedic further strengthens the local presence of Thyrocare in Jamshedpur, expanding the reach of its advanced and affordable diagnostic services in Jharkhand and helping people in Jamshedpur to access its quality diagnostic services, supported by timely sample processing and delivery of diagnostic reports.
