Thyrocare expands presence in Kurnool with new diagnostic lab in collaboration with Ameelio Healthcare

21 October 2026 | News

Strengthens diagnostic access in Kurnool and surrounding regions through an advanced laboratory

Thyrocare Technologies has announced the launch of its new diagnostic laboratory in Kurnool, Andhra Pradesh, in collaboration with Ameelio Healthcare.

With this launch, Thyrocare further strengthens its diagnostic network in Andhra Pradesh, marking its 3rd laboratory in the state. The facility was inaugurated by Piyush Singh, Vice President, Thyrocare Technologies.

The laboratory is equipped to cater to routine as well as specialised diagnostic testing requirements and is supported by trained professionals, helping address the evolving healthcare needs of healthcare partners and patients in the region.

The collaboration with Ameelio Healthcare further strengthens Thyrocare’s local presence in Kurnool, expanding the reach of its advanced and affordable diagnostic services in Andhra Pradesh. The facility will help people in Kurnool and neighbouring regions access quality diagnostic services, supported by timely sample processing and delivery of diagnostic reports.
