Transasia wins coveted 'Global Business Excellence Award 2013

Transasia wins coveted 'Global Business Excellence Award 2013' presented by Business Today. Transasia Bio-medicals was conceived to Transform Asia by improving the quality of diagnosis and provide affordable health care solutions. And today, it is recognized as India's largest in-vitro diagnostic company that has set global benchmarks by acquiring in last 5 years 10 overseas companies in the USA, Germany, France, Italy, Russia, Czech Republic and Turkey.

"Transasia was set up to meet the need for reliable, affordable and innovative medical diagnostic solutions. We remain committed to providing the highest quality products and services and will continue in our endeavor with the same zeal and passion" Mr Suresh Vazirani added.

Transasia Bio-Medicals has been conferred with the prestigious 'Global Business Excellence Award 2013' presented by Business Today. The award was presented by Union Petroleum Minister Mr Veerappa Moily.

Initiated this year, Business Today - YES Bank carried out a survey of unlisted emerging companies who have been consistently contributing to their fields and delivering nothing short of the best. The most deserving amongst them were then presented with awards in various categories under the 'Emerging Companies Excellence Survey and Awards'. As many as 526 companies from all across India were part of the survey.
