USV Limited honored with Oral Anti-Diabetic Company of the Year 2013

USV Limited won the Oral Anti-Diabetic Company of the Year 2013 Award at the Frost and Sullivan's 5th Annual India Healthcare Excellence Awards 2013.

Mr. Prashant Tewari, MD, USV Limited, said. "To be honored with the Oral Anti-Diabetes Awards demonstrates the consistent and innovative ability of USV to develop and market significant diabetes products, which greatly assist patients, while also having great commercial potential. This award marks another milestone for USV." "Understanding the needs of the Indian diabetes population and then meeting those needs with innovative and practical products has been USV's aim. It is a proud moment for us to be recongnized by Frost and Sullivan for this daily pursuit," Mr. Tewari added.

Congratulating USV limited on the award, Jayant Singh, Associate Director, Pharma and Medical Technology, Healthcare Practice, Frost and Sullivan, expressed, "Based on our annual voice of customer research, active patient centric initiatives has made USV limited one of the leading and most recongnized companies in the oral-antidiabetic segment in India."
