Glenmark conferred 'Greentech Environment Gold Award 2015'

Two manufacturing facilities of Glenmark located in Goa and Nashik have bagged the 'Greentech Environment Gold Award 2015' for excellence in environment management.

Greentech Environment Awards given by the Greentech Foundation are presented every year to companies/units demonstrating highest level of commitment to environmental management across different sectors.

"The coveted Gold Accolade from Greentech Foundation is a testament of our commitment towards Environment Protection. We are dedicated to conducting our business responsibly in the area of Environment, Health and Safety across all our operations. At our Goa and Nashik plants, we have taken a number of steps in conserving natural resources, preventing pollution and minimizing environmental impact which has resulted into this award," said Ms Cheryl Pinto, director corporate affairs, Glenmark.

Glenmark's manufacturing facility in Goa manufactures oral solids, semi solids and hormones. It is approved by regulatory bodies like US FDA, TPD (Canada), MCC (South Africa), WHO-GMP, ANVISA (Brazil) and MHRA (UK).

The Nashik facility which began operations in the year 1983 is Glenmark's first manufacturing facility. The facility manufactures more than 200 products catering to the bulk of the demand for solid orals, liquid orals, and external creams and powders in over 70 markets in Asia [including India], Africa, CIS/Russia, and Latin America.
