

BioSizzlers of 2006

10 January 2007 | News

BioSizzlers of 2006

In 2006 January, we presented a list of companies that we felt would make some significant announcements in 2006. We had not listed big and well-established companies like Biocon, Bharat Biotech, Serum Institute of India, Shantha Biotech, and Vimta Labs. These have all made headlines in 2006. The companies that we listed were those that would make a difference in the next level of India's biotech growth. Here, we present to you what has happened at the biosizzler companies.
