ICAR to hold Agri-Tech investors meet

The meet will be held at the National Agriculture Science Centre (NASC) complex, New Delhi during July 18-19, 2013. The meet is being organized to showcase and promote the agro-technologies developed by the NAIP sub-projects (2006-13) to the agri-business sector. About 50 Letters of Intent (LoIs) were signed to commercialize thirty one technologies for Rs three crore during the B2B meeting at Hyderabad in April, 2013.

During the July meet, NAIP will be promoting sixty potential technologies evaluated by industry and experts. The event will see LoIs getting finalized as MoUs and new deals being signed up. There will be sector-wise technology presentations and B2B meetings. Agripreneurs and agribusiness industry personnel have been invited to attend the meet.
