

Cadila Pharma receives Healthcare leadership award

27 November 2017 | News

Cadila Pharmaceuticals has made sizeable investments in infrastructure, equipment, campus, competent trainers and mentors.

Cadila Pharmaceuticals Ltd. has won the prestigious Healthcare Leadership Award instituted by World Health Congress. The company won the award in the HR category for Excellence in Training and Development. The award is in recognition of Cadila Pharmaceuticals' outstanding initiatives in contribution towards Government of India's 'Skill India' mission.

Dr. Sudendra Rao, Global Head of HR and Mr. Nilesh Deshmukh, Sr. GM HR received the award from Mr. Nurul Islam Nahid, Hon'ble Education Minister, Bangladesh at a grand event held recently at Taj Lands End, Mumbai.

Commenting on the achievement, Dr. Rajiv Modi, Chairman and Managing Director, Cadila Pharmaceuticals Ltd. said, "Cadila Pharmaceuticals has pioneered in building a quality culture by developing our employees through continuous training and development programs as well as nurturing fresh talent for making them industry ready".

Cadila Pharmaceuticals has made sizeable investments in infrastructure, equipment, campus, competent trainers and mentors. Cadila Pharma has also set up a Life Science Finishing School at its pioneer educational institute - Indrashil Institute of Science and Technology (IIST), Kadi.

In addition, Cadila Pharmaceuticals has a dedicated training centre known as "Centre for Professional Excellence (CPEX)" for developing its field staff. This is the first training center accredited in Gujarat by Life Science Sector Skill Development Council (LSSSDC) and has emerged as an Academy of Excellence, augmenting a pool of quality Trainers and Assessors.
