Merck India appoints Pratima Reddy as Country Speaker

05 July 2023 | News

Pratima takes on the role of Country Speaker in addition to her role as GM and MD of Merck Specialties in India

Merck, a leading science and technology company, has announced Pratima Reddy as their Country Speaker for India. Pratima takes on this role in addition to leading healthcare strategy and operations in India as GM and Managing Director of Merck Specialities India Pvt Ltd.

In her current role, Pratima continues to demonstrate focused leadership to drive positive business outcomes through inclusive and strategic thinking and collaborative execution.

Pratima has over 18 years of experience, including over ten years in the pharmaceutical industry. Since joining Merck in October 2013, she has held several significant leadership positions across multiple functions in local and global teams. Prior to taking over as the General Manager of Healthcare India Operations, Pratima was the Regional Franchise Leader (RFL) of the Cardiovascular, Metabolism and Endocrinology (CM&E) franchise in APAC, where she demonstrated exemplary leadership and delivered successful business outcomes.
