BIO SPECTRUM INDUSTRIAL ENZYMES SURVEY AND METHODOLOGY

BioSpectrum India, a leading B2B media platform in Lifesciences space, has completed a survey of the Indian Industrial Enzymes Industry with companies specialising in food & beverage, textile, pharmaceutical, food processing, leather, detergents, paper and pulp and bioenergy. We highlighted the companies (both MNCs and domestic players) based on their achievements in the past financial years.

We have collected information on income / sales revenue figures about listed companies from stock exchange and financial agencies and Ministry of Corporate Affairs (MCA).

#The revenues considered for the analysis are of Industrial Enzymes products sales.

#For all the ranking purposes, we have taken the Industrial Enzymes business only into consideration. Wherever 'Revenue is mentioned, it means, sales turnover from Industrial Enzymes products division. Therefore, revenue wherever mentioned is not necessarily the total sales turnover of the company.
