Atul Shah steps in as General Manager-India at Beckman Coulter Life Sciences

10 January 2026 | News

Shah brings significant leadership experience from Leica Microsystems

Beckman Coulter has announced that Atul Shah has joined Beckman Coulter Life Sciences as General Manager – India. Shah brings extensive crossâ??functional experience spanning sales, service, marketing, project management and channel partner management.

Over the course of his career, he has contributed to a wide range of sectors including process automation, robotics, electrics, solar, intralogistics, quality, research, life sciences, material sciences, and healthcare.

Shah also brings significant leadership experience from Leica Microsystems, where he has served in key roles for nearly a decade, and has played a pivotal role in accelerating the growth of Leica Microsystems in India and the broader APJ region. As Country Manager at Leica, he has been instrumental in shaping market strategy, driving expansion, and strengthening Leica’s commercial footprint.

His strong analytical orientation, passion for emerging technologies, and commitment to purposeful growth make him wellâ??positioned to lead India operations and strengthen the company’s strategic direction in this important market.
