Export Promotion Council for Medical Devices inks MoU with MSME Ministry

19 July 2026 | News

Collaboration is expected to benefit first-time MSME exporters in the medical devices sector

Export Promotion Council for Medical Devices (EPCMD-India) has signed a Memorandum of Understanding (MoU) with the Ministry of Micro, Small and Medium Enterprises (MSME), Government of India.

Under this MoU, EPCMD has been designated as an Implementation Agency for the Capacity Building of First Time MSE Exporters (CBFTE) initiative, under the International Cooperation Scheme of the Ministry of MSME.

This collaboration is expected to benefit first-time MSME exporters in the medical devices sector by easing the cost of registration with Export Promotion Councils, supporting their entry into export markets, and providing a structured mechanism for reimbursement support through EPCMD.
